

HI-TOPP® BIN CAP A MUST FOR CLEAN EVENTS

For event management and public place recycling guidelines refer to:
Beverage Industry Environment Council
Department of Environment and Climate Change
Sustainability Victoria
No Waste ACT
Zero Waste SA

Resource Recovery

- Supports source separation and recycling
- Labelling to suit your specific requirements
- Reduces contamination with easily identifiable markings
- Sizes available to suit 80l, 120l and 240l MGBs

Assembly

- Coupling system enables collection station to be formed
- Encourages pre-sorting of recyclables at the source
- Large openings on both sides provides for better traffic flow and visibility

Easy storage

- Easy handling
- Lightweight
- Lids are stackable
- Space saving

Just "ASK"!

HI-TOPP® BIN CAP

Material

- **Polymer components:**
 - Thermoformed from HDPE
 - UV - stabilisation provides excellent ageing characteristics
 - Resistant to decay, frost, heat and chemicals
- **Long service life:**
 - High quality materials
 - Strong and durable
- **Recycling:**
 - Manufactured from 100% recyclable plastic

Advantages

- **Easy handling**
 - Lightweight for easy movement
 - Stackable for space saving storage
- Fits SULO 240 litre mobile garbage bins as well as most existing MGB's
- Ideal for both indoor and outdoor use
- Strong, durable and weather resistant
- Dual openings allow for greater usage and traffic flow
- Highly visible with distinct labels
- Coupling system encourages greater resource separation
- Improves quality of recyclables through reduced contamination
- Maximises resource recovery
- Reduces chance of overfilling and spillage

Imprints and markings

- SULO Hi-Topp symbol
- Manufacturer, date of manufacture, material
- Individual labels for three positions, front and back available on request*

Colours

- Standard colours: Red, Yellow, Blue, Dark Green, Lime Green
- Special colours are available on request*

SULO®
